BLUETOOTH® OPERATION (SINGLE SPEAKER)

1.Please ensure that the Bluetooth function has been turned on in the settings of your Bluetooth enabled device.

2.Turn on the speaker. The indicator light will flash to detect Bluetooth enabled devices near you and will enter pairing mode.

3.“GEMLINE SPKR” will appear on the Bluetooth device list, select “GEMLINE SPKR” to establish pairing. If instructed to enter a PIN code, please enter '0000'.

4.When you want to play audio from another Bluetooth device, disconnect the speaker from the original device and follow steps 1-3 to re-pair the speaker with a new Bluetooth enabled device.

page 02

TRUE WIRELESS STEREO (TWS) OPERATION

NOTE: Turn off the Bluetooth function in the settings of your Bluetooth enabled device before the two speakers are paired together.

1.True Wireless Stereo (TWS) technology allows you to connect the 1st speaker with the 2nd speaker wireless to achieve true wireless stereo sound.

2.Place the speakers near each other (the distance between the two speakers cannot be more than 3 meters or 9.8 feet) .

3.Turn each speaker on at the same time by long pressing the  button more than 3 seconds. The two speakers' light will flash fast. Short press the  of one speaker, they will pair with each other automatically. Once pairing is successful, there will be a “beep” sound and the two speakers light will flash slowly.

4.Turn on the Bluetooth function in the setting of your Bluetooth enabled device. “GEMLINE SPKR” will appear on the Bluetooth device list, select “GEMLINE SPKR” to establish pairing. If instructed to enter a PIN code, please enter “0000” . At this time,

page 03

one speaker flashed slowly, the another speaker stayed on with no flash when the speakers get paired with your mobile device.

SPEAKERPHONE OPERATION

1. If you receive a call during Bluetooth mode, press  button to answer the call. Press the button again to end the call.

2. To reject a call during Bluetooth mode, press and hold the  button for 3 seconds.

3. To redial the last number called, double click the  button.

CHARGING THE SPEAKER

1. When the battery is low, please charge via the included USB cable.The charging time is approximately 2-3 hours and provides up to 2-6 hours of continuous operation (operation time may vary based on volume level).

2. The LED indicator light will be red during charging and will turn off when the speaker is fully charged.

WARNING

1. Do not disassemble, repair, or modify the speaker.

2. Do not place product in or near fire to avoid danger, as it uses a lithium battery.

page 04

3. Avoid storage at extreme temperatures, this can shorten the battery life and may affect the speaker.

4. Keep the speaker dry and do not store the speaker in damp areas to avoid damage to the speaker.

5. Avoid dropping the speaker as it may damage the speaker.

KIND REMINDER

1. To prolong the speaker’s life span and to avoid hearing damage, please do not listen to music under high volume for long periods of time.

2. When an error occurs with the speaker, please turn off the speaker and restart it to troubleshoot.

3. When the speaker’s power is low, the Bluetooth range may be affected. Please charge the speaker to avoid disruptions during use.

Problem	Troubleshooting Method
Unable to pair the speaker with a mobile device	<div><div>1. Inspect whether the speaker is searching for a Bluetooth enabled device to connect to. If not, restart the speaker.</div><div>2. Difficulty in searching and connecting to a</div></div>

page 05

desired device can be affected if multiple devices are equipped, turned on, and in range for Bluetooth connectivity. Please turn off or disable the Bluetooth function on the other devices.

3. The power of the battery is insufficient, please recharge the speaker.

The music stops from time to time

1. Inspect the distance between the speaker and the Bluetooth enabled device, it may exceed the Bluetooth transmission range.

2. Inspect if there is an obstacle between the speaker and the Bluetooth enabled device.

3. The power of the battery is insufficient, please recharge the speaker.

The sound is low or distorted

1. Inspect the volume of the connected speaker or Bluetooth enabled device and adjust the volume as needed.

2. The power of the battery is insufficient, please recharge the speaker.

PACKING

• Bluetooth® Speakers

• USB Charging Cable

• Fabric Bag

• User Manual

• Gift Box

SPECIFICATION

Bluetooth Specifications: Bluetooth Version 4.2+EDR

Support profile: A2DP/AVRCP/HFP

Transmission distance: up to 10m (This may vary based on environmental factors or the type of Bluetooth® device being used)

Built-in battery: Lithium Battery 450mAh x 2

USB Recharge voltage: 5V

Output power: 3W x 2

Frequency Response:150HZ-15KHZ

Signal to Noise Ratio (SNR): ≥85dB

Sensitivity Rating: 85dB

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).  
Operation is subject to the following two conditions:  
(1) This device may not cause interference.  
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :  
(1) L' appareil ne doit pas produire de brouillage;  
(2) L' appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' en compromettre le fonctionnement.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular

page 08

installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.
